

Creativity is for Everyone

Hello. I'm Caris and I am a mixed media collage artist.

A creative challenge that everyone can take part in!

March Creative Challenge

In this document I am sharing different artists work in different styles and I have also made a short YouTube video where I will demonstrate some artforms you might like to try. If you are stuck for ideas you can email me at caris.Jackson@yahoo.co.uk and I will do my best to help get you started.

What kind of work can I submit?

You can do drawing & painting, digital design, model-making, write a song or poem, create a dance, character or logo design, t-shirt/clothing design, creative make-up or hair, cosplay design, print-making, photography, sculpture, cartooning, any kind of crafts, card-making, collage, textiles, fashion, handmade books and graphic novels, needle craft and mixed media or anything else creative you can think of!

What do I need to do?

You can respond to the theme in which ever art form/creative way you wish. Please email clear photographs of your work (or a video if it is a song or dance) before the deadline and add a few words to explain how your work was inspired by the theme. We have a different guest judge each month to award prizes for the most creative work and you will be notified via email if you have won a voucher.

This month's theme is **CONNECTION!**

Caroline made an imaginative piece of art about chatting and drinking tea with friends in a zoom meeting. She combined drawing with patterned paper and words cut from newspaper.

Scribble hands
Michael Volpicelli

Here is some artwork about
Connection

This abstract painting by Wassily Kandinsky is called 'Clear Connection'. He attempted to paint music and the sounds of colour.

The piece above is titled 'Connection' by Ameris Grapa.

Joined up faces by the RedFinch Print.

Here are some ways you can be creative on the theme of Connection

Draw onto old maps or phone book pages - maps connect one place to another; phone books connect peoples names and where they live

Ed Fairburn draws faces onto maps.

Connecting dots like this painting by Minjung Kim

Take a line for a walk by drawing overlapping lines onto paper then colouring in or drawing patterns into the shapes that have been created.

Design your own join-the-dots picture

Design a jigsaw with connecting pieces.

Competition!
